DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10,14,15,29-33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 line 2, “the structure” lacks clear antecedent basis. It appears as if it should be related back to the “offshore structure”.

Claim 10 line 3, “the leading end part” lacks clear antecedent basis.

Claim 10 line 5, “the substantially conical end portion” should relate back to --the substantially conical leading end portion--.

Claim 10 line 7, “the leading end part” lacks clear antecedent basis.

Claim 10 line 8, “the conical end portion” should relate back to --the conical leading end portion--.

Claim 10 line 9, “the adjustable alignment means” lack clear antecedent basis.

Claim 10 line 10, “the structure” lacks clear antecedent basis.

Claim 10 is confusing because it is not clear if the “alignment means” is located on the “end part” or the “leading end portion”.

Claim 10 is confusing because the end part has a “leading conical portion” and a “cylindrical” portion. However, claim 10 fails to show the relationship.

Allowable Subject Matter

3. Claim 10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 14,15,29-33 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
